# HeartCode™ ACLS Programs

The Official American Heart Association Self-Directed ACLS eLearning Program

HeartCode ACLS contains all of the lessons from the ACLS texts conveniently referenced. Providers can review all of the topics on which they need to spend more time. HeartCode ACLS includes all of the exams required for successful completion of the ACLS Program. Providers are allowed 32 hours to complete the program.

Updated to include 2005 American Heart Association Guidelines Science!

Flexibility to design a solution that meets your needs

HeartCode ACLS is based on a flexible architecture that allows four (4) different fundamental ways to implement the program for both initial or recertification ACLS courses. The certification process is split into a courseware section and a skills check session. This allows flexibility in combining the four (4) delivery methods to provide a solution that meets your needs.

Step 1: Choose from the four (4) delivery methods to complete the didactic portion of the program

HeartCode ACLS Anywhere, User Paid Version

User pays online with credit card for courseware.

80-1458   HeartCode ACLS Anywhere, License to Unlock Demo CD $120.00*

Benefits of HeartCode™ ACLS

- Helps reduce the cost for training in your center
- Increases flexibility in your course offerings
- Students complete at their own pace with instant feedback and debriefing
- CME / CEH / CE credit provided by the AHA

What's New to the ACLS Program

- Easier navigation – clear step-by-step instructions to certification
- Mirrors AHA's ACLS course emphasis on the team approach and the importance of high-quality CPR to patient survival
- Includes practical application to ECG rhythm recognition and pharmacology

HeartCode ACLS includes micro-simulation technology that improves both the educational content and user-friendliness of the program.

SOFTWARE REQUIREMENTS FOR ACLS ANYWHERE:

- Internet Explorer 6 or later
- Windows® 98 (with upgrades)
- Windows® 2000
- Windows® XP
- Adobe® Reader 5
- Flash Player 8

HARDWARE REQUIREMENTS FOR ACLS ANYWHERE:

- Pentium® III 450 MHz (1.5 GHz recommended)
- 64 MB RAM (256 MB recommended)
- 650 MB hard disk space
- 16 bit display adapter
- Mouse or compatible pointing device
- Monitor capable of displaying a resolution of 1024x768 or higher
- Speakers or headphones (Audio feedback)

The debriefing screen details correct and incorrect actions, provides suggestions for improvement, and incorporates direct links to the appropriate reference material.

Step 2: Choose from the two (2) options to complete a skills check

Skills check by certified AHA instructor

Fee may apply for this option.

Skills check completed using the HeartCode ACLS program with the Resusci® Anne Learning System.

Step 3: Obtain completion card

Receive your AHA ACLS Provider Card upon successful completion of the HeartCode ACLS course! If you are not an AHA Training Center, call your Laerdal sales representative about an AHA completion card solution from Laerdal.
