

Mama-U

Postpartum Uterus Trainer

Available June 2013!

Every day 1000 women die during pregnancy and childbirth.
Every year 222 million women in low-resource countries lack effective contraceptive methods.
Well trained and equipped birth attendants can save a majority of lives at birth and provide family planning.

Mama-U Postpartum Uterus Trainer

Facilitates highly realistic, effective and affordable training in postpartum uterus care

Can be used as a table top model or used inside the MamaNatalie Birthing Simulator

Portable and easy to use for on-site training

Particularly relevant for postpartum IUD and balloon tamponade insertion training

Mama-U as a part of Jhpiego's project "Reinvigorating the PPIUD using a low cost simulation model" in Pakistan, won a prestigious **Saving Lives at Birth** grant
